Thorough Introduction

Join us for this ten-week workshop to learn the Enneagram system of personality through moderated panels of participants who represent the **nine types**. The power and accuracy of this **highly effective** personal growth tool will be communicated by hearing people of the same personality type describe, in their own words, how they see their type in action.

Through this **narrative panel** method, learn to gain insights about yourself - and the other people in your life, in an **inspiring, educational** and **entertaining** way. Hearing from people who know and observe the operation of their personality patterns in an ongoing way, powerfully conveys the nature and growth potential of the types.

Whether you are new to the Enneagram or have been studying it for years, this ten-week panel series will provide fresh insights and **practical** knowledge you can use to enhance your own everyday experience.

Come join us for an exploration of the Enneagram that is both fun and profound!

All are welcome - either to sign up for the whole series or just drop in one night at a time.
